Form III

Preface

The CATALOG OF COPYRIGHT ENTRIES is published by authority of sections 210 and 211 of Title 17 of the *United States Code*. Section 210 provides in part: "The current catalog of copyright entries and the index volumes herein provided for shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The *Catalog* is subdivided into Parts corresponding to the classes of material listed in section 5 of Title 17 of the *United States Code*. The table at the end of this preface shows the organization of the *Catalog*, the symbols used with the registration numbers to distinguish the classes, and the prices of the semiannual issues.

The record of each copyright registration listed in the *Catalog* includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc.).

Information as to changes of copyright ownership is not included in the *Catalog*, but a search of the Copyright Office Assignments and Related Documents Indexes may be requested from the Register of Copyrights, and a fee for the search and report will be estimated at the statutory rate of $3 per hour.

In the case of each registration listed, except for renewals, there has been a deposit of a copy or copies of the work in accordance with the provisions contained in sections 12, 13, 14, or 215 of Title 17 of the *United States Code*.

For a more complete description of the contents of this issue of the *Catalog* see p. vii.

Orders, payable in advance, for all Parts of the *Catalog of Copyright Entries* should be sent to the Superintendent of Documents, U.S. Government Printing Office, Washington 25, D.C. Orders may be placed for individual issues, as subscriptions for one or more Parts, or for the complete *Catalog* at $20 a year, and for periods of one, two, or three years. All orders should state clearly the title and the inclusive dates of the Part wanted. Checks or money orders should be made payable to the Superintendent of Documents.

The Copyright Office welcomes inquiries, suggestions, and comments on the content and organization of the *Catalog*. Such communications should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D.C.

Organization of Parts

Each Part listed in the following table records all current registrations in the class or classes indicated by the alphabetical symbols given. Except for renewal registrations (separately listed at the end of each related Part), the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for the purpose of statistical analysis. The symbol "(R)" has been adopted by the Copyright Office to identify renewal copyright registrations. A zero immediately following the symbol, e.g., AF0, EF0, identifies a foreign work deposited under the waiver-of-fee provision (section 215 of Title 17 of the *United States Code*). Some Parts also contain registrations made under other symbols if the subject matter or type of material is similar to that generally included in the Part.

INTRODUCTION

PART 2 lists issues of domestic and foreign periodicals currently registered in Class B. Renewal registrations in Class B and renewal registrations of foreign periodicals originally registered in Class A are included. In addition to popular and scholarly journals, these works include many house organs, adventure and comic periodicals, and a number of newspapers.

Arrangement is by title. Each issue registered is recorded under the main title of the periodical. In general, the titles of publications of societies, institutions, and other corporate bodies beginning with such general and nondistinctive terms as Annals of, Bulletin of, Journal of, etc., followed by the name of the body, are inverted to file under the name; e.g.:

AMERICAN ASSOCIATION FOR CANCER RESEARCH. PROCEEDINGS.

FRANKLIN INSTITUTE OF THE STATE OF PENNSYLVANIA. JOURNAL.

Variations in titles as given in the copies and applications are explained in notes, enclosed in parentheses. A title which consists of two or more titles connected by such phrases as *combined with*, *incorporating*, etc., is written as follows:

SELECTED SECURITIES GUIDE—MARKET TIMER.

References lead from variant titles, from titles of specific issues, and from other titles associated with the periodical. Works for which the subsisting copyright has been renewed are listed separately in the Renewal Registrations section.

The Claimant Index to the names of claimants given in the main entries covers both currently registered works and renewal registrations, the latter being distinguished by the symbol "(R)" following the title.

For periodicals other than certain newspapers (see below) each main entry includes the following items of information if available and applicable:

1) Title.
2) Changes in title recorded following the phrases *Continuing* and *Continued as*.
3) Copyright symbol ©.
4) Name of the copyright claimant.
5) Volume number.
6) Issue number, issue date, or issue title.
7) Copyright symbol ©.
8) Publication date for each issue as given in the application.
9) Registration number for each issue.

For newspapers which are regularly deposited more often than weekly, a condensed entry is used which includes a statement of frequency of issue but gives the complete data only for the first and last issues registered during the period covered.

Whenever it is necessary to indicate a variation between the information given in the application and in the copy of the work with respect to the claimant's name or the date of publication, the data from the application are given first, followed by the phrase "in notice" and the data given in the work; e.g., © 3Apr61 (in notice: 1960); B890000.

For renewal registrations each main entry includes the following information:

1) Title.
2) Copyright symbol ©.
3) Name of the renewal claimant.

4) Statement in parentheses, usually abbreviated, giving the basis of the renewal claim as supplied by the applicant; e.g., "John Doe & Co. (PWH)" indicates that renewal of copyright is claimed by John Doe & Co. as proprietor of copyright in a work made for hire.
5) Data identifying the specific issues in which renewal is claimed, consisting generally of volume number, issue number, and issue date.
6) Copyright symbol ©.
7) Date of original copyright.
8) Original registration number.
9) Date of receipt of the renewal application or fee, whichever is later.
10) Renewal registration number.

Illustrative examples of typical entries are given below:

Form III

Preface

The CATALOG OF COPYRIGHT ENTRIES is published by authority of sections 210 and 211 of Title 17 of the *United States Code*. Section 210 provides in part: "The current catalog of copyright entries and the index volumes herein provided for shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The *Catalog* is subdivided into Parts corresponding to the classes of material listed in section 5 of Title 17 of the *United States Code*. The table at the end of this preface shows the organization of the *Catalog*, the symbols used with the registration numbers to distinguish the classes, and the prices of the semiannual issues.

The record of each copyright registration listed in the *Catalog* includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc.).

Information as to changes of copyright ownership is not included in the *Catalog*, but a search of the Copyright Office Assignments and Related Documents Indexes may be requested from the Register of Copyrights, and a fee for the search and report will be estimated at the statutory rate of $3 per hour.

In the case of each registration listed, except for renewals, there has been a deposit of a copy or copies of the work in accordance with the provisions contained in sections 12, 13, 14, or 215 of Title 17 of the *United States Code*.

For a more complete description of the contents of this issue of the *Catalog* see p. vii.

Orders, payable in advance, for all Parts of the *Catalog of Copyright Entries* should be sent to the Superintendent of Documents, U.S. Government Printing Office, Washington 25, D.C. Orders may be placed for individual issues, as subscriptions for one or more Parts, or for the complete *Catalog* at $20 a year, and for periods of one, two, or three years. All orders should state clearly the title and the inclusive dates of the Part wanted. Checks or money orders should be made payable to the Superintendent of Documents.

The Copyright Office welcomes inquiries, suggestions, and comments on the content and organization of the *Catalog*. Such communications should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D.C.

Organization of Parts

Each Part listed in the following table records all current registrations in the class or classes indicated by the alphabetical symbols given. Except for renewal registrations (separately listed at the end of each related Part), the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for the purpose of statistical analysis. The symbol "(R)" has been adopted by the Copyright Office to identify renewal copyright registrations. A zero immediately following the symbol, e.g., AF0, EF0, identifies a foreign work deposited under the waiver-of-fee provision (section 215 of Title 17 of the *United States Code*). Some Parts also contain registrations made under other symbols if the subject matter or type of material is similar to that generally included in the Part.

INTRODUCTION

PART 2 lists issues of domestic and foreign periodicals currently registered in Class B. Renewal registrations in Class B and renewal registrations of foreign periodicals originally registered in Class A are included. In addition to popular and scholarly journals, these works include many house organs, adventure and comic periodicals, and a number of newspapers.

Arrangement is by title. Each issue registered is recorded under the main title of the periodical. In general, the titles of publications of societies, institutions, and other corporate bodies beginning with such general and nondistinctive terms as Annals of, Bulletin of, Journal of, etc., followed by the name of the body, are inverted to file under the name; e.g.:

AMERICAN ASSOCIATION FOR CANCER RESEARCH. PROCEEDINGS.

FRANKLIN INSTITUTE OF THE STATE OF PENNSYLVANIA. JOURNAL.

Variations in titles as given in the copies and applications are explained in notes, enclosed in parentheses. A title which consists of two or more titles connected by such phrases as *combined with*, *incorporating*, etc., is written as follows:

SELECTED SECURITIES GUIDE—MARKET TIMER.

References lead from variant titles, from titles of specific issues, and from other titles associated with the periodical. Works for which the subsisting copyright has been renewed are listed separately in the Renewal Registrations section.

The Claimant Index to the names of claimants given in the main entries covers both currently registered works and renewal registrations, the latter being identified by the symbol "(R)" following the title.

For periodicals other than certain newspapers (see below) each main entry includes the following items of information if available and applicable:

1) Title.
2) Changes in title recorded following the phrases *Continuing* and *Continued as*.
3) Copyright symbol ©.
4) Name of the copyright claimant.
5) Volume number.
6) Issue number, issue date, or issue title.
7) Copyright symbol ©.
8) Publication date for each issue as given in the application.
9) Registration number for each issue.

For newspapers which are regularly deposited more often than weekly, a condensed entry is used which includes a statement of frequency of issue but gives the complete data only for the first and last issues registered during the period covered.

Whenever it is necessary to indicate a variation between the information given in the application and in the copy of the work with respect to the claimant's name or the date of publication, the data from the application are given first, followed by the phrase "in notice" and the data given in the work; e.g., © 3Aug61 (in notice: 1960); B920000.

For renewal registrations each main entry includes the following information:

1) Title.
2) Copyright symbol ©.
3) Name of the renewal claimant.

4) Statement in parentheses, usually abbreviated, giving the basis of the renewal claim as supplied by the applicant; e.g., "John Doe & Co. (PWH)" indicates that renewal of copyright is claimed by John Doe & Co. as proprietor of copyright in a work made for hire.
5) Data identifying the specific issues in which renewal is claimed, consisting generally of volume number, issue number, and issue date.
6) Copyright symbol ©.
7) Date of original copyright.
8) Original registration number.
9) Date of receipt of the renewal application or fee, whichever is later.
10) Renewal registration number.

Illustrative examples of typical entries are given below:
